

IS THERE SCIENTIFIC EVIDENCE FOR AN INTELLIGENT CREATOR OF THE UNIVERSE?

*Do scientific discoveries of the past fifty years point to
an accidental universe or a carefully designed one?*

YOU BE THE JUDGE

Alumni Hall, Indiana Memorial Union
Thursday, October 20, 8:00 p.m.

Dr. Walter L. Bradley, Presenter

Dr. Bradley is Emeritus Professor of Mechanical Engineering, Texas A&M University and Distinguished Professor of Engineering, Baylor University.

Author of the book *Creation of the Cosmos: Scientific Evidence for Intelligent Design*, Dr. Bradley has also written six book chapters on the relationship between faith and science, and more than 120 technical articles.

A Fellow of the American Society for Materials, he is a consultant for several Fortune 500 companies, and has presented on Intelligent Design at over 60 major universities world wide.

Sponsored by InterVarsity Graduate/Faculty Ministry & Campus Crusade for Christ
